

Retailer Guide - How to use Syndy

Retailers use Syndy to source which ecommerce product content from their suppliers. Using Syndy's next-generation platform, retailers can extract all product content from suppliers, customized to their needs. The use of Syndy for retailers is free, as is access to all content on the platform.

How does it work?

- 1** Login on Syndy, enter your login details as received from us on my.syndy.com/signup/
- 2** Welcome to your **DASHBOARD** - here you see all the suppliers in your assortment on Syndy.
- 3** Click on **PRODUCT RANGE** and you will be able to see all products in your assortment on Syndy.

The image shows two screenshots of the Syndy platform interface. The top screenshot displays the 'Dashboard' for a user named 'COOP.nl' with 31 members. It features four main sections: 'Product Range', 'Brands', 'Active', and 'Inactive'. Below these is a 'Brands Overview' table with columns for Brand, Manufacturer, Status, and Completion. The bottom screenshot shows the 'Product Range' view for 'MY PRODUCTS (28540)', displaying a table with columns for Product Name, Article Number, Status, Barcode, and Completion. A 'Sign up - It's FREE' form is also visible in the top right corner of the dashboard view.

Retailer Guide - How to use Syndy

- 4** Create a custom-made export for all your content on Syndy by clicking on **EXPORT**. Select your template and export content by brand, changes made since a certain date or specific EAN(s).

The screenshot shows the Syndy user interface for creating a new export. The top navigation bar includes the Syndy logo, a search bar, and menu items for DASHBOARD, PRODUCT RANGE, and EXPORT (highlighted with a red box). The user is logged in as 'SF' and the location is set to 'NETHERLANDS'. The main content area is divided into three steps:

- Step 1 of 3: Create new export - step 1 of 3**
 - Buttons: 'Create new export' (highlighted with a red box), 'Created By'
 - Section: 'Select a template' with a dropdown menu showing 'Ontbijt en beleg'.
- Step 2 of 3: Create new export - step 2 of 3**
 - Section: 'Select product range' with radio buttons for 'By brand' (selected), 'All products updated since...', 'EAN specific', and 'All Products'. A dropdown menu shows 'Snelle Jelle'.
 - Section: 'Select language' with a dropdown menu showing 'Dutch'.
 - Checkbox: 'Include profile images'.
- Step 3 of 3: Create new export - step 3 of 3**
 - Section: 'Share your export' with a text area for 'E-mail', a text field for 'Recipient name', and a text area for 'Message (optional)'. Below is a 'Summary' section showing '9 of 9 EANs for sorted by Brand'.
 - Buttons: 'Cancel' and 'Generate export'.

The Benefits

The online platform enables retailers to quickly and easily provide customized product content from supplier offices and existing data sources.

- ✓ **Directly from the supplier;** all types of content and images
- ✓ **Personalized per retailer;** 100% in line with existing retailer templates
- ✓ **100% reliable content flow;** availability was given by the supplier on all content
- ✓ **Messaging service;** communicate and work directly with your suppliers
- ✓ **FREE content when invited by supplier**
